Subject: The Consumer and Specialized Issues (CSI) Workgroup is looking for new members!

Would you like to be a member of a work group that helps guide the KanCare program? We're looking for people who receive KanCare services to help us by:

- Looking at information for people served by KanCare
- Sharing ideas for improving KanCare
- Helping resolve issues that may come up about KanCare

Not everyone will be chosen. We want to have a variety of people in the group. We also need to keep the group the right size. If you need help to be a member, please tell us on the form.

Please find the KanCare Workgroup Nomination form and Workgroup Charter attached to this email. The forms need to be submitted by August 3, 2015. If you have questions, call Russell Nittler at (785) 296-4885 or email at RNittler@kdheks.gov.

Thank you.
